

SCHWARZENEGGER-OPHILA
(Three Arnold Blackouts)
by John Judy

BLACKOUT #1

**CAST: Michael McCarthy, Manny Perry, Arnold Schwarzenegger,
and Voice-Over**

MICHAEL: Governor Arnold Schwarzenegger has signed a bill banning necrophilia , or "sex with the departed," in California. I know it's a let-down for our writing staff, but how does this new anti-necrophilia legislation affect you and me?

(Lights down. Lights up on MANNY PERRY, the guy from www.respectcopyrights.org and that movie trailer we've all had to watch for the past year and a half. Sincere music rises.)

BIG SCREEN GRAPHIC: "Who embalms corpses?" "Manny Perry embalms corpses."

MANNY: When you're embalming a corpse, you're talking about a lot of work. Literally hours and hours of draining blood and... and putting the embalming fluid all up in there. A lot of things can go wrong... A... a... corpse can have too much gas built up in it and then you light a cigarette and boom! You got corpse all over you, in your hair, and maybe you got your eyebrows singed off like Yosemite Sam or some shit. And when someone comes along and fucks... has relations with that corpse... It's not right. It just isn't.

(ARNOLD enters or does voice-over as lights fade.)

ARNOLD: Don't fuck the corpses! You may think it feels fantastic, but now under The Schwarzenegger Act it is a crime punishable by up to eight years in prison! Respect the corpses! And yourself! Join me and let us terminate corpse-fucking in California!

V/O: Paid for by Californians Against Necrophilia, a non-profit organization.

BLACKOUT #2

(CAST: Cop #1, Cop #2, and Arnold Schwarzenegger)

(Lights up on two COPS.)

BIG SCREEN GRAPHIC: "Who pays for necrophilia?"

COP #1: My partner and I got a call for a two-seven-six at a local mortuary...

COP #2: That's code for Necrophilia...

COP #1: We call it an "Arnold" for short.

COP #2: We usually get 'em at mortuaries...

COP #1: Or in the back of a hearse...

COP #2: We call that a "Rolling Arnold."

COP #1: Although usually they're parked....

COP #2: Usually...

COP #1: Unless it's two guys...

COP # 2: Like a team, one drives the hearse...

COP #1: The other one's doin' the Arnold.

COP #2: But this one was at a mortuary.

COP #1: It turned out to be two guys

COP #2: We call that a "T-2."

COP #1: Or "Twins."

COP #2: One of the guys had locked his friend in a drawer with ...

COP #1: The victim.

COP #2: The victim. Except it wasn't a storage drawer.

COP #1: No.

COP #2: It wasn't.

COP #1: It was the crematorium.

COP #2: The door had an safety lock...

COP #1: It's a largely automated process....

COP #2: Long story short...

COP #1: "Poof!"

COP #2: ...We only made one arrest.

COP #1: It was a sad night.

COP #2: Yeah, these were young guys like...

COP #1: ...Like lotsa guys...

COP #2: And with the guy's friend and the...

COP #1: The victim...

COP #2: The victim...

COP #1: You can't really separate the ashes.

COP #2: It's hard for the families.

COP #1: A friend tells you, "Hey...!"

COP #2: "Let's fuck a corpse!"

COP #1: But it's wrong.

COP #2: And it hurts people.

(Lights fade.)

BIG SCREEN GRAPHIC: "Who pays for necrophilia?" "We ALL do."

ARNOLD: When you fuck a corpse, you fuck... YOURSELF! Stop fucking the corpses!

BLACKOUT #3

(CAST: George Bush and Voice-Over)

(Lights up on GEORGE BUSH.)

BUSH: My fellow Americans, recently I was approached by my good friend and fellow Republican Arnold Schwarzenegger. He asked me to lend my support to his drive to amend the US Constitution to ban S-E-X with the D-E-D.

Tonight I am happy to do so.

I believe, as does Governor Schwarzenegger, that nothing is more important than stopping life-hating, negroe... necro-wafers... people who do "you-know-what" with our dearly departed. This issue is more urgent than anything since flag-burning and gay marriage.

It is more urgent than Iraq, lost jobs, and assault weapons on our streets.

Trust me.

And to our nation's young, who are most vulnerable to peer pressure, I would say this: Kids, just say "No" to hemophilia.

Because whether you call it "Body-Bagging", "Cold-Cocking", or "Making Love to Laura" hemophilia is a crime.

So the next time some "friend" calls you on the internet and says, "Hey, friend!" Let's go Coffin-Boffin'! Let's "roll dem bones!" Let's "pop us a cold one!"

Just say "No."

Hang up the internet and talk to a parent.

And then turn that friend in so he can get the help and punishment he needs.

Thank-you for your support. God bless our troops and God bless everyone, except the hemophiliacs. Good night.

(ARNOLD enters.)

BUSH & ARNOLD: And stop fucking the corpses!

V/O and BIG SCREEN GRAPHIC: "George Bush. He hasn't fucked corpses in the past 25 years. And neither should you."
